

2019 INDIANA & MICHIGAN PRESCRIPTIVE PROGRAM FAQs

Q: When will we receive a new application form and measure list?

A: If you did not receive the updated application form and measure lists, those can be downloaded from the website ElectricIdeas.com/Work.

Q: Is there a need to resubmit projects that have already been submitted?

A: There is no need to resubmit projects that have already been submitted. We will review and ensure these have not started prior to moving forward with the projects.

If there are questions about your project, feel free to give us a call at 888-444-9085 or send us an email at IM.EnergyEfficiency@LMCO.com

Q: How have the incentives been affected?

A: With the 50% incremental cost protocol, most of the incentives are around 50% of what they were at the beginning of the year.

Q: I have a project that has already been approved, will the offered amount be honored?

A: **Indiana** – If a project has already received an incentive offer, it will be honored at the rate in which it was offered.

A: **Michigan** – Projects pre-approved prior to July 2, 2019 will be honored.

Projects pre-approved after July 2, 2019 and completed prior to August 5, 2019 will be honored at previous incentive rates.

Projects pre-approved after July 2, 2019 and completed after August 5, 2019 will receive the adjusted incentive rates.

Q: Will the program last through the remainder of 2019?

A: Based upon our analysis, the current funding should allow the programs to remain open throughout 2019 and with timely IURC approval, a smooth transition into 2020.

Q: Are CFL to LED and Incandescent to LED measures now Custom?

A: Yes, CFL and Incandescent to LED measures are now Custom and require pre-approval.

Q: Can you give an example of base line vs. equipment cost?

A: Baseline would be the replacement with the exact equipment that is currently installed at the facility. Material equipment cost would be the cost of the new energy efficient equipment.

Q: What will the incentives and requirements for the 2020 program look like?

A: We anticipate the incentives and new requirements will be similar to the revisions made effective June 3, 2019.
