

HVAC and Energy-saving Product Rebates

Indiana and Michigan

More than

50%

of your energy bill is from

Heating & Cooling Your Home

Upgrade Your HVAC Equipment to:

Significantly reduce your energy use

Make your home more comfortable

Help protect the environment

Improve air quality

▶ Ductless Heat Pump / Mini Split

Rebates up to \$855

Go ductless and save up to 60% on your heating cost! Plus, get air conditioning! A ductless heat pump or mini split is perfect for homes with electric baseboards, ceiling heat or an electric furnace. It is ultra-quiet and provides maximum year-round comfort and control while cutting your heating and cooling costs 30% - 60%!

▶ IM Home + a Smart Thermostat

Up to a \$300 Rebate

More than 50% of your energy bill is from heating and cooling your home! IM Home makes a Wi-Fi smart thermostat smarter and can reduce your energy bill by about \$150 annually. Plus you reduce your carbon footprint and get up to \$330 in rebates and bill credits.

▶ Heat Pump Water Heater

\$350 Rebate

Heat pump water heaters do not create their own heat like a traditional water heater. Think of it like a refrigerator working in reverse. Heat pump water heaters give three times the energy savings as traditional water heaters.

▶ Air Source Heat Pump

Rebates up to \$600

A heat pump can heat, cool and dehumidify your home. It can cut your heating cost by about 50% and your cooling cost by about 25% compared to electric furnace, baseboard or ceiling heat. Newer technology, makes a heat pump a smart energy-saving option - even in cold climates.

▶ Wi-Fi / Smart Thermostat

Rebates up to \$100

A Wi-Fi smart thermostat allows you to control your home's temperature from anywhere, anytime. A smart thermostat learns your schedule to customize a home energy plan and give you energy savings.

HVAC and Energy-saving Product Rebates

HVAC Products	Rebate		
Air Source Heat Pump (Traditional Ducted Systems)			
SEER 15 / HSPF => 8.2			\$300
SEER 16 / HSPF => 8.7			\$400
SEER 17 / HSPF => 9.2			\$500
SEER 18 and above			\$600
Ductless Heat Pump / Mini Split			
Replacement (Must replace heat pump)	1 Ton	2 Ton	> 3 Ton
SEER 17/ HSPF => 9.5	\$50	\$100	\$150

See specific rebate applications for Terms & Conditions.
Rebate applications must be received by Dec. 13, 2019.

▶ Central Air Conditioner

Rebates up to \$300

Today's air conditioners use about 50% less energy as air conditioners made in the mid-1970s. Even if your air conditioner is only 10 years old, it might be time to upgrade. You can save up to 40% of your cooling energy costs by replacing it with a newer, more efficient model.

▶ Dehumidifier

\$25 Rebate

An energy-efficient dehumidifier uses 30% percent less energy than standard models. With a new dehumidifier you could save \$200 over the life of the unit, while avoiding more than 2,800 pounds of greenhouse gas emissions.

▶ Pool Pump

Rebates up to \$200

An energy efficient pool pump uses about 70% less energy than a standard pool pump. With a new pool pump you can save about \$200 each season.

More Ways To Save!

Get \$40 for Your Fridge: Recycle and save energy! We'll give you \$40 and pick up your old working fridge or freezer – for no cost. Call 855-253-5661 to schedule your pick up.

Weatherproof Your Home: Get a Home Energy Checkup – a \$430 value. Our BPI certified energy expert will check your insulation. Plus, install LEDs, showerheads, pipe wrap and more! If you have electric heat, I&M may pay 50% - 100% of the upgrades. Call 800-231-5274 to schedule your checkup.

Get a \$25 Energy-saving Kit: Find out how your home uses energy, plus get tips on how to save more. Once you take the Online Checkup, the kit will be mailed to your home. It contains LED bulbs and other things to help you save energy. Take the checkup at ElectricIdeas.com/OnlineCheckup.
