### Verify Eligibility

- House has I&M residential service.
- House is not new construction.

### Documentation

Incomplete information will delay or disqualify your rebate.

- Sales receipt indicating 'paid in full' or zero balance.
- AHRI\* certificate (if applicable) including model number, capacity and efficiency performance ratings.
- Application must be submitted within 60 days of equipment purchase.
- Rebate application must be received by December 13, 2020. Applications after this date will be processed at 2021 rebate levels. Products offerings and rebates are subject to change without notice.
- I have reviewed the HVAC and Energy-saving Products Terms & Conditions.

\* The Air-Conditioning, Heating and Refrigeration Institute (AHRI) maintains a directory of certified product performance for HVAC equipment. To obtain a copy of the AHRI certificate, please visit [AHRIDirectory.org](http://AHRIDirectory.org).

### Submit Rebate

**Online:** Apply online at [ElectricIdeas.com/Products](http://ElectricIdeas.com/Products) to receive your rebate sooner.

**Mail:** Indiana Michigan Power  
Home Energy Products Program, PO Box 60  
Fort Wayne, IN 46801

**Web:** [ElectricIdeas.com/Products](http://ElectricIdeas.com/Products)

**Questions:** 855-231-5274

# HVAC and Energy-saving Product Rebate Application

## INDIANA AND MICHIGAN

### Terms and Conditions

**Customer eligibility:** Offer is valid for Indiana Michigan Power residential customers served on a residential billing tariff. Residential rebates are available for residential homes or multi-family dwellings of 2 to 4 units. Equipment must be installed in a property owned by the applicant, or the applicant must have received permission from the property owner to install the equipment. Rebate payments will be made to the I&M account holder. I&M program rebates are available for qualifying equipment installed in existing properties.

**Equipment eligibility:** Offer is valid for the purchase and installation of equipment completed by December 13, 2020. For a current list of qualifying equipment, visit [ElectricIdeas.com](http://ElectricIdeas.com) or call 855-231-5274. Resale equipment, new parts installed in existing equipment, or equipment that is leased, rebuilt, rented, received from insurance claims, received from a warranty, or won as a prize do not qualify. Equipment must be installed conforming to all applicable building, local, state, and federal codes, standards, ordinances and regulations, and manufacturer's specifications. Equipment must be installed and operational prior to submittal of this application.

**Self-installation:** Customers who self-install qualifying equipment may be eligible, if the installation meets all program requirements. By submitting this application, the customer certifies that they have installed the product to meet appropriate codes and manufacturer specifications and have met all other program requirements.

**Application eligibility:** Applications must be completed in full and accompanied by the required itemized invoices or receipts. Applications must be postmarked or emailed within 60 days of purchase of the equipment and received by December 13, 2020 to be considered eligible for rebates. Funds are limited and applications are processed on a first-come, first served basis. The Program is subject to change and may end without prior notice.

**Rebate payment:** I&M rebate may not exceed the total purchase price of the eligible equipment. The only costs eligible for rebates are: materials and equipment. Customers cannot apply for an energy efficiency rebate and a new home construction rebate on the same equipment or product. I&M will only pay one rebate for each qualifying product installed.

Allow up to six weeks to receive your rebate. Incomplete applications cannot be processed. Failure to complete the rebate application in full and provide the required supporting documentation will either delay the payment process or result in your application being denied. Receipt of an application does not guarantee payment of a rebate. The Program is not responsible for items (e.g. application, supporting documentation, rebate checks) lost or damaged in the mail.

**Verification:** I&M reserves the right to verify sales receipts and/or installations of equipment, products and services before issuing rebates. All equipment installations are subject to verification by the Program to ensure the equipment is properly installed and operating. An inspection may be conducted to verify installations. By submitting this rebate application, the applicant agrees to participate in any audit requested by I&M as it pertains to the rebate program. Program modifications: I&M reserves the right to alter or discontinue rebate offers at any time without notice.

**Disclaimer:** I&M does not guarantee that energy efficient equipment purchased and installed or services provided through this program will result in energy and cost savings. I&M reserves the right to deny or limit any rebate request. In addition, no warranties on product or service installations are provided by I&M, nor does the Program warrant, guarantee or endorse the energy efficiency services provided by any specific contractor participating in the Program. I&M, the Program Administrator, and the Program Implementer, their respective affiliates, subsidiaries, parent companies, officers, directors, agents and employees disclaim any and all liability, loss or damages, and make no guarantees related to: participation in the Program, including use or installation of the equipment; loss or delay of rebate check(s) in the mail; and any taxes that may be imposed as a result of participation in the Program. Please allow up to six weeks to receive your rebate.

**Indemnification:** Signatory(ies) and applicant(s) shall hold harmless and indemnify I&M, the Program Administrator, and the Program Implementer, their respective affiliates, subsidiaries, parent companies, officers, directors, agents and employees against any and all losses, damages, expense, fees, costs and liability arising from any design, consulting, product, system, equipment or appliance or any one claim, in connection with the Program.

**Representation:** Making false statements on any I&M rebate application is punishable by law. Any and all funds determined, in I&M's sole discretion, to have been acquired on the basis of fraudulent or misrepresented information must be returned to the Program. I&M may refuse payment and participation if the signatory(ies), applicant(s), customer(s), or contractor(s) violate program rules or procedures.

**Taxes:** You are urged to consult your tax advisor concerning the taxability of rebates. I&M is not responsible for any taxes that may be imposed on an individual or business as a result of your receipt of this rebate.
